

MORE Oomph!

Perfect for providing a little extra get-up-and-go to your lethargic horse! MORE Oomph! is a maltodextrin and electrolyte mixed designed to be given to those horses which just need a bit of a boost to their energy levels.

Psyllium is also included to help regulate the insulin response. MORE Oomph! can also be used post exercise to rapidly replenish glycogen stores in muscles.

Recommended Feeding Rate:

****Please note these are maximum rates ****
